

April is Sexual Assault Awareness Month,

a time dedicated to openly discussing sexual violence and advocating for change.

Sexual violence does not discriminate. It encompasses any form of unwanted sexual behavior, and occurs in every community.

Healing from the trauma of sexual violence is a journey unique to each survivor. **RESTORE is here to provide support to survivors and their loved ones regardless of where they are in their journey to healing.**

RESTORE leads the response to sexual violence through prevention education, professional trainings, and community advocacy in Monroe, Genesee, Livingston, Orleans, and Wyoming County.

To request a training or to learn more about offerings and options, please scan the QR code.

Together, we act with purpose. United, we have the power to change the world for the better!

WE BELIEVE YOU. WE ARE HERE FOR YOU. IT IS NOT YOUR FAULT.
